

# The SOLEIROLIA

Presentation:  
Soleirolia –or Soleyroliyata-  
family is Urticacea. It  
originates from tropical  
rainforests on the island  
like Mallorca, Corsica and  
Sardinia

This plant is constituted with numerous thin  
stems and little green leaves.

It supports hot climates but needs high humidity  
level.

## Care instructions:

It thrives in shade or semi-shade and  
plenty of water
